Baseball and Softball Field Assignment Policies Spring 2010

This document is a restatement of the previous policies of the Recreation Department in relation to assignment and use of baseball and softball fields. These policies remain in effect for the Spring 2010 baseball season.

- Leagues are assigned to play on specific fields. Use of other fields requires specific approval from/assignment by the Recreation Department.
- Games have priority in field use over practices.
- Leagues are required to provide a copy of their game schedule to the Recreation Department.
- The Recreation Department will make a diligent effort to find or shuffle fields to accommodate games.
- Leagues are expected to find practice space on their assigned fields. Fields may not be groomed or lined for practices, based upon daily work schedule.
- The historical field assignment will remain in place for this season:
 - Town of Poughkeepsie Little League - Crestwood, Fairview, Jackson Junior Field (odd days), Jackson Senior Field, Overocker, Rochdale, Townsend
 - Town of Poughkeepsie Cal Ripken/Babe Ruth Baseball -Crown Heights, Jackson Junior Field (even days), Millbank, New Hamburg, Red Oaks Mills (both fields), Riverview, Sunnyside
 - Town of Poughkeepsie Girls Little League Softball - American Legion, Greenvale, Hillis, Jackson Girls Field
 - HVNABA - Jackson Senior Field (Sunday), Red Oaks Mills Senior Field (Sunday)
 - Senior Softball League – Jackson Road Girls Field and Senior Field (Monday and Wednesday mornings)
 - Other Groups – Other groups can request use of fields, however our experience is that the all the available field space is reserved by the above groups.
 - Sheafe Road Park – The priority for scheduling this field is as an adult softball field. The Recreation Department may assign junior or senior league games to this field if needed and available.
